

## **Women Build 2020**

### **Instagram Stories Copy:**

**Instructions:** Social Media is an effective tool to recruit and inspire team members and donors to your Women Build team and goal. Below are text options to use along with a photo, to inform your followers about the Women Build mission and why it is important. Don't be afraid to post often, and across multiple platforms, to reach as many potential team members and donors as you can. Find other tips on other ways to use social media to help your fundraising at the end of the document.
