

**Habitat**  
for Humanity®  
Chicago

*Are you ready to join  
together with other  
Chicagoans to make an  
impact in our community?*

## **VOLUNTEER**

Habitat Chicago brings people together to build strength, stability, and self-reliance throughout the city. Consider joining us. We have so many opportunities available that you're sure to find something that piques your interest. Together, we can make a lasting, positive impact in the city we love and share.

Volunteers join us for all kinds of reasons: to give back to the community, to learn new skills and meet like-minded Chicagoans, or even just to spend a little more time outdoors. What all of our volunteers end up finding, however, is their place in a bigger picture. By working alongside diverse groups of people, going to new communities, and taking on exciting new challenges, our volunteers learn how they can use their own time and talents to positively affect the lives of those around them.

### **LOCATIONS**

Greater Grand Crossing | Pilsen  
Sauganash | West Pullman

Habitat Chicago is a nonprofit organization that works to champion healthy neighborhoods by investing in resident priorities, supporting homeownership and building quality homes. We believe in a world where everyone has a decent place to live and we invite people of all backgrounds, races and religions to work towards this vision together in our focus neighborhoods of West Pullman, Greater Grand Crossing and Austin.

## How to get involved!

### **Volunteer on our Construction Site**

---

Are you ready to help build a Chicago that works for all of its residents? A Chicago where every child has a healthy start in a healthy home? A Chicago where everyone has a decent place to live? Join us on the build site and let's build it together, from the ground up. No construction experience is necessary, simply come ready to learn and our construction staff will guide you from there.

### **Volunteer at our ReStore**

---

ReStore is more than just a home goods thrift store: It's our way of keeping tools and appliances out of the landfill while redirecting much-needed items back into the community, providing consumers with quality goods at discounted prices. Shifts at ReStore are short, flexible, and certain to get your creativity flowing. You'll do your part to build a more sustainable city and a healthier environment by taking on a selection of roles like greeting customers, processing donations, refurbishing items, placing merchandise, or picking up donations.

### **Become a Volunteer Photographer or Videographer**

---

Work with Habitat Chicago's communication team to capture and create engaging and relevant media content to help tell our story. Projects may be as simple as capturing an event, making edits, and sending over photos - or they could be as involved as mapping, interviewing, filming and editing videos. We'll work with you to identify what makes the most sense for your skills and schedule.

### **Become a Volunteer Crew Leader**

---

Volunteer Crew Leaders create outstanding volunteer days by leading small groups in construction tasks and ensuring that our homes are built to a high standard. By joining our Crew Leader Training Program, you'll learn new skills, meet new people and become a leader on our build sites. Your consistent volunteering helps us build more homes and inspires other builders. We ask for a one-year commitment and participation at least once a month.

### **Join AmeriCorps**

---

If you have a desire to learn new skills, an eagerness to grow as a leader, and a thirst to build a more just Chicago, come spend a year with us serving as a full-time AmeriCorps service member. You'll help to improve lives, strengthen communities, and foster civic engagement through service and volunteering. This is the perfect opportunity for recent graduates looking to gain real-life experience and pump up their resumes or for professionals looking for another perspective. A modest living stipend is included with all AmeriCorps positions.
