

Annual Benefit 2022: **Building Opportunity**

Building Opportunity Campaign

At Habitat Chicago, we not only build homes, we strengthen whole communities. We help households build generational wealth and stability, and we bolster healthy neighborhood development. But we can only do it with your help.

Between now and May 23rd, Habitat Chicago is embarking on a campaign to raise \$250,000 to build opportunity for homebuyers and the neighborhoods in which they live. Our exceptionally generous \$2.5 million gift from author and philanthropist MacKenzie Scott will significantly augment the impact of this campaign, and position us to grow and achieve our ambitious goals. We invite you to be a part of this exciting opportunity and sponsor our campaign to help advance our efforts in building more equitable, healthy, and vibrant neighborhoods in Chicago.

Celebration Event | June 23rd, 2022 | Mid-America Club

At the conclusion of the campaign we will bring together corporate sponsors and key campaign supporters for a cocktail reception at the Mid-America Club. This will be an evening of celebration and fellowship and will feature a brief program where you will learn more about the impact of your support.

For more information, please contact david.chudy@habitchicago.org.
