

## Directions to the Habitat for Humanity Chicago Office

### Where are we located?

- 1100 W. Cermak Road, Suite 404 on the corner of Cermak and Carpenter Street in the red brick building.

### Where should I park?

- Street parking can be found for free around our building and adjoining streets.
- There is visitor parking in the courtyard, but it is very limited, there is generally more street parking available.

### Where can I find the office?

There are two main entrances to the building: 1) directly off of Cermak Rd. 2) through the courtyard accessed via the driveways on Carpenter St.

*From the Cermak Rd. entrance:*

1. There are two doors on Cermak; you'll enter through the east one (the one closest to Carpenter).
2. On the touch screen intercom, click the blue "Contacts" icon, scroll through the directory to find our name (Habitat Chicago, the list is in alphabetical order), and it will start a phone call to our offices; someone will buzz you in.
3. Walk through front doors and go straight to access the stairs or take a right around the corner and then an immediate left to access the elevator. Proceed to the fourth floor.
4. Our offices are opposite the elevator doors.

*From the courtyard entrance off of Carpenter St.:*

1. On the touch screen intercom, click the blue "Contacts" icon, scroll through the directory to find our name (Habitat Chicago, the list is in alphabetical order), and it will start a phone call to our offices; someone will buzz you in.
2. Turn right to immediately access the elevator or proceed around the corner to the right to access the stairs. Proceed to the fourth floor.
3. Our offices are opposite the elevator doors.

### Public Transportation Options:

- Take the Green or Red lines to their respective Cermak stops: take the Cermak 21 bus to Carpenter stop. You'll be dropped in front of our building.
- Take the Orange line to the Halsted Stop; take the Broadway 8 bus to Cermak and Halsted; walk .25 mi west.
- CTA bus #21: Cermak and Carpenter stop. You'll be dropped in front of our building.
